

## LH-Jetronic, EZK Ignition

## Coding of Control Units

Wiring Diagram	Version	Porsche No.
	ECE, manual transmission without catalytic conv.	928.607.431.00
	ECE, automatic transmission without catalytic conv.	928.607.432.00
	Worldwide, (U.S.A.) manual transmission with catalytic conv.	928.607.438.00
	Worldwide, (U.S.A.) automatic transmission with catalytic conv.	928.607.439.00
	Fuel grade 91 RON unleaded gasoline, manual transmission	928.607.440.00
	Fuel grade 91 RON unleaded gasoline, automatic transmission	928.607.441.00

## Identification of Throttle Valve Housings

Throttle valve housings have a cast unfinished part number since 1987 in order to simplify classification and eliminate sources of error. This unfinished part number is reported to classification authorities and not changed, as long as the outside shape and diameter of the throttle valve housings are not changed. The part number is supplemented by a label containing a code letter and date of production.

928 4-valve	928.110.121.0R	928.110.093.01	A
